## **Section 8 - Other Events**

### **Item 8.01 Other Events**

On November 10, 2005, General Communication, Inc. ("GCI" or the "Company") settled four separate claims with AT&T and AT&T Alascom, Inc. ("Alascom").

The claims were resolved pursuant to a master agreement. The Agreement is subject to the approval of the Regulatory Commission of Alaska ("RCA") or, alternatively, to an explicit determination by the RCA that its approval is not necessary.

The claims settled are summarized as follows:

- 1) GCI's claim against Alascom for failure to pay its respective share of a pool of access charges on long distance calls paid by pre-paid calling cards.
- 2) GCI's claim against AT&T and Alascom for not allowing the Company to purchase certain wireline services on the same terms and conditions that AT&T offered to other wholesale customers.
- 3) GCI's unfiled claim against Alascom for not allowing the Company to purchase private line services at the same price Alascom charges other customers.
- 4) Alascom's claims against GCI for overpayment of transport for 1-800 dialing service calls placed from rural Alaska areas served by GCI.

The settlement of the claims will result in a payment from AT&T to GCI that will net the Company approximately \$7.5 million after certain costs and expenses. The gain is expected to be recorded in the fourth quarter of 2005 once regulatory approval is received or, alternatively, we receive an explicit determination by the RCA that its approval is not necessary.
