65.7.4 LOCAL PACKAGE/PLANS

Guaranteed Value Program

Customers who are enrolled in a Company-provided local service term commitment, may end their term of service prior to its expiration without charging the applicable termination fee if:

The customer receives a written proposal from another 1) telecommunications company offering a program currently in their tariff, which offers the customer savings over Company provided service. (When comparing services of equal evaluation criteria), and;

The customer contacts the Company and requests a comparison of the 2) proposed program against Company programs currently tariffed, or pending tariff approval, and;

The Company fails to offer the customer a program of equal or better 3) value, which is offered in their tariff, or pending tariff approval, within 30 days of the customer's request for comparison.

Under no circumstances will the customer be billed for services which are not in Company's approved tariff, or that are not available to any customer who requests and qualifies for service under that plan, program or promotion.

Such charges will be calculated as follows: A customer who agrees to a term commitment and starts the term specified, but cancels their service before it's completed, will be subject to the following cancellation penalties. The customer will be required to pay the difference in rates between the term signed and the term completed. For example, a customer signs a three-year term and receives a 20% discount. They cancel after two-years, which has a 15% discount they received, but wouldn't have received if they had signed the two-year term originally. A customer who signs a term of service commitment, but discontinues service before completion of the first year of the agreed upon term mus pay back all waived nonrecurring charges. | e / |

65.9 SCHOOL & LIBRARY DISCOUNT

Pursuant to the Telecommunications Act of 1996 (47 U.S.C. 254(h)(1)(B)) certain schools and libraries receive support under the definition of universal service. The discount matrix listed in Section 6.11 is presented for calculating discounts to those qualifying entities.

The discounts shall be available only after January 1, 1998, and only if the discounts are solely funded through the federal universal service program. Actual intrastate discounts may be lower than shown if federal funding is insufficient to cover the full discount. Details regarding the federal program and qualification for federal funding are found at 47 C.F.R. Part 54.

67. SPECIAL CONSTRUCTION - Nome

67.2 UNUSUAL CONSTRUCTION CHARGES

A. General Conditions

Special construction is involved where, at the request of a customer the Company constructs facilities:

- A. where facilities are not presently available, and there is no other requirement for the facilities so constructed,
- B. of a type other than that which the Company would normally utilize,
- C. involving a route other than that which the Company would normally utilize,
- D. in a quantity greater than that required to serve the customer's immediate facility needs,
- E. on an expedited basis,
- F. on a temporary basis until permanent facilities are available,
- G. involving abnormal costs,
- H. in advance of normal construction.

B. Changes from Aerial to Underground Facilities

When a customer desires that existing aerial facilities be replaced by underground facilities, the change is made subject to the following:

- 1. Underground trench, special backfill, and/or conduit is provided and maintained by or at the expense of the customer.
- 2. The cost of dismantling and removing the aerial facilities is charged to the customer.
- 3. The cost of the cable, including its installation in trench is borne by the Utility. Such cable is maintained and replaced at the expense of the Utility, provided such maintenance and replacement is not caused by the negligence of the customer, his employees or representatives, and provided the cable is placed by the Utility.

67. SPECIAL CONSTRUCTION - Nome 67.2 UNUSUAL CONSTRUCTION CHARGES (Cont'd)

- C. Construction on Private Property
 - 1. <u>Residential and Commercial Structures</u> Where underground construction is desired where aerial facilities would ordinarily be provided without a construction charge, the following applies:
 - a. Where cable is laid in conduit, the conduit is constructed and maintained at the expense of the customer. Such conduit will be constructed to specifications furnished by the Utility.
 - b. Such underground construction, as specified above, shall be for the exclusive use of the Utility.
 - c. Where direct lay cable is installed, the owner will provide at his expense, the trench and the special backfill and the Utility will place the cable and associated plant.

2. Mobile Home Parks and/or Courts

a. Aerial - the owner of the mobile home park or court is required, at his expense, to provide, install and maintain the poles and anchors necessary for the Utility to run its facilities to the individual customers located in the park or court.

The owner of the mobile home park or court will provide the Utility with an easement of not less than five (5) feet wherever the facilities of the Utility are placed.

The individual customer living in a mobile home is required, at his expense, to provide, install, and maintain a pole or rise in accordance with the specifications of the Utility. Specifications for this pole or rise may be secured from the Utility's service representative.

b. Underground - The owner of the park or court at his expense digs and backfills a trench to each mobile home space in the park or court, in accordance with Utility specifications.

The owner of the park or court at his expense provides, installs and maintains a stub pole or riser at each mobile home space in the park or court.
